gift, does hereby give, grant and convey to the Grantee a Conservation Restriction in perpetuity over the Protected Property of the nature and character and to the extent hereinafter set forth.

1. Purpose. It is the purpose of this Restriction to assure the Protected Property will be retained forever predominantly in its natural, scenic condition as farmland and open space; and to prevent any use of the Protected Property that will significantly impair or interfere with the conservation values or interest of the Protected Property described above. Grantor intends that this Restriction will confine the use of the Protected Property to such activities as are consistent with the purpose of this Restriction.

2. Prohibited Uses. Any activity on or use of the Protected Property inconsistent with the purpose of this Restriction is prohibited. Without limiting the generality of the foregoing, the following activities and uses are expressly prohibited except as provided in Paragraph 3 below:

2.2 There shall be no ditching, draining, diking, filling, excavating, dredging, mining or drilling, removal of topsoil, sand, gravel, rock, minerals or other materials, nor any building of roads or change in the topography of the land in any manner, except in accordance with Paragraph 3 below.

Natural Resource Conservation Service.

Such damages, when recovered, may be applied by the Grantee, in its sole discretion, to corrective action on the Protected Property. If such court determines that the Grantor has failed to comply with this Restriction, Grantor shall reimburse Grantee for any reasonable costs of enforcement, including
